

Love Lifted Me

Hezekiah Walker

There is something I want to say
I'm glad that Jesus came my way
Picked me up, and turned me around
Then He placed my feet on higher ground

Love lifted me
Love lifted me
Love lifted me
Love lifted me

There is something I want to say
That I remember when He came my hand
With a tender hand, He lifted me
Then He turned around and gave victory

When nothing else could help
When nothing else could help
When nothing else could help
When nothing else could help
When nothing else could help
When nothing else could help
When nothing else could help
When nothing else could help
Love lifted (It lifted)

Love lifted me
