## Hezekiah Walker

```
There is something I wanan say
I'm gland that Jesus came my way
Picked me up, and turned me around
Then He placed my feet on higher ground
```

Love lifted me Love lifted me Love lifted me

There is something I wanna say
That I remember when He came my hand
With a tender hand, He lifted me
Then He turned around and gave victory

When nothing else could help Love lifted (It lifted)

Love lifted me
