

# Fame

Hibria

Feel the greed in my hands  
I'm no one  
Never cared about my learning  
There's only pride  
Chasing spotlights everywhere  
I will shine  
I will build my world and raise my money pile

Look at my favorite boy  
I'll keep you as a toy  
Will you write my poems?  
Look at my favorite boy  
I'll keep you as a toy  
I have given you a choice

Chasing fame, not in vain  
It gave me everything  
Chasing fame, for all my days  
Buying people, that's the way I play

Information psychopath  
That's who I am  
Come on you fools, it's just the game I play  
Let me live my dream alone  
I have the power, I'll pay your compensation, now!

Chasing fame, not in vain  
It gave me everything  
Chasing fame, for all my days  
Buying people, that's the way I play
