

# Workin' It Out

Hilary Duff

Some days I start off draggin' my feet  
Some days I want to fly  
Some days it all makes sense to me  
Some days I just don't want to know why

[CHORUS:]

Hey, hey- I'm not giving up, no  
Gonna stand up and shout it  
Oh oh oh no way im not slackin off or backing out or cracking u  
p with doubt  
I'm workin' it out out  
I'm workin' it out

Sometimes I'm just surrounded by friends  
Sometimes we've never met  
Sometimes I pray for something I need  
But hey, you never know what you're gonna get  
and

[CHORUS]

[Spoken:]

It's hard enough to be what you are  
Harder to be what you're not  
It's hard to know what you need to get  
Harder to know what you've got

[CHORUS 2x]
