

Sing (Your Love)

Hillsong United

It used to be darkness
Without You
I lived my life in blindness
Now I am found

And I'll sing, I'll sing, I love You so
And I'll sing
Because the world can't take away
Your love

Found me in weakness
Broken
You came to me in kindness
And now I live

And I'll sing, I'll sing, I love You so
And I'll sing
Because the world can't take away
Your love

And I'll sing, sing, I love You so
And I'll sing
Because the world can't take away
Your love

And I'll give my life for You Lord
For all You've done
I'll give my life for You Lord
For all You've done

I'll give my life for You Lord
For all You've done
I'll give my life for You Lord
For all You've done

I'll give my life for You Lord
For all You've done
I'll give my life for You Lord
For all You've done
I'll give my life for You Lord

And I'll sing, I'll sing, I love You so
And I'll sing
Because the world can't take away
Your love

And I'll sing, I'll sing, I love You so
And I'll sing
Because the world can't take away
Your love
