## **Sweet Pandemonium**

Today tomorrow seems so far away And the wait in vain, yeah So safe, in the blinding light of love unchained In yesterday's grave, yeah

The truth that could set souls free Is buried within sweet pandemonium Concealed by disbelief The riddle stays veiled in sweet pandemonium

Afraid that everything remains unchanged In this fragile dream, yeah Ashamed of the shattered remains Of promises made, yeah

The truth that could set souls free Is buried within sweet pandemonium Concealed by disbelief The riddle stays veiled in sweet pandemonium

Drained by the anger and grief Fazed by the envy and greed The secret cries for a release The lucidity hidden deep in sweet pandemonium

The truth that could set souls free Is buried within sweet pandemonium Concealed by disbelief The riddle stays veiled in sweet pandemonium
