

Kiss Kiss

Hint

Kiss kiss, i want a kiss,
it only lasts a second
miss miss, i miss you much,
but you're out playing double dutch

tonight tonight, come away with me tonight
i'll show you love larger than life

angelic vision, indecision
my problems melt away like ice
and i'd fall down at your feet if i thought you'd notice me
i'd have love at any price

kiss kiss, i need a kiss
by your lips i will be christened
miss miss, ill-fated twist
talk talk, but you never listen

kiss kiss, i want a kiss
thanks now i'll take seconds
miss miss, i miss you much
but you're out playing double-dutch

tonight tonight...

i'll show you love at any price
