

## Getting Closer

Hird

You got to dance closer to the ones that you love  
You got to dance closer to the ones that you love

You got to dance closer to the ones that you love  
You got to dance closer to the ones that you love

Feel the rhythm with me  
What must I do to make you see  
Baby we could be a groove

Feel the rhythm with me  
What must I do to make you see  
Baby we could be a groove

You and I together  
Dancing this rhythm  
Rhythm of love, rhythm of love...
