[Intro:]

Said you wanna go?

Where to?

I mean we can but... I don't know

[Hook: Casey]

She said she wanna go

She said she wanna leave

I said I do too baby where you wanna be?

She said with me wherever I go

I'm just what she need but she know how I do

She know I write songs but are they for her

She know I stay down but will it occur

I don't know oooo but I know that we can go oooo

[Verse 1: Hodgy]

You picked me thinking I was your best guy

Gave you the best slice from my best pie

I even let you shop at best buy, itunes

Won't you cop my song

Leave me alone I'm in my zone

But I got this chick on the other line on my phone

Damn she's all on my dome givin me dome

And most of them showin unknown

Cums on the call then you pick up the phone

I left my phone at home and you copped it picked it up
then you dropped it

Then she said wsup you said wsup you said what the what

And I was just starin tryna get home racin in my
mclaren

Lookin at aaron starin

People don't know but you say it ain't fair and I agree

[Hook: Casey]

She said she wanna go

She said she wanna leave

I said I do too baby where you wanna be?

She said with me wherever I go

I'm just what she need but she know how I do

She know I write songs but are they for her

I don't know oooo but I know that we can go oooo

[Verse 2: Hodgy]

I go to the house

You sit on the couch

Take my shit off the couch

She tried to kick me out my house

Her ring fall off I'm picking up the spouse

Listen to the girl shit I'm picking up my mouth

Jaw dropping she dropped my jaw

Now I'm picking up what else is in my pocket

Wallet fell out she sat me on my ass

I'm sittin on the grass smokin on the grass

Chillin with that ass that was yesterday

I mean we used to play

And now it's time for divorce relationship decayed
I could spit that break hearts like tick tacs
Still get back I meant to say kit kat

[Hook: Casey]

She said she wanna go
She said she wanna leave
I said I do too baby where you wanna be?
She said with me wherever I go
I'm just what she need but she know how I do
She know I write songs but are they for her
She know I stay down but will it occur
I don't know oooo but I know that we can go oooo

[Verse 3: Casey]

Girl you know I love you
You know you are the hood
I ain't tryna read but it's one for the books
I'm really feelin your looks but it's also what's on
the inside
You wanna come with me you because you wanna win right
I'm giving you insight cause it don't sit here right
Our love is in the dark but baby the lens like

But this bout to end like
