

Everything Is Sunshine

The Hollies

I keep on thinkin about the things that make me cry
I keep on thinkin about the things that make me die
but everythin is sunshine when you hold my hand

If everybody knew you the way I do
people wouldn't wear frowns the way they do
'Cos everything is sunshine when you hold my hand

Oh no how could it be
You effect me
Just by holding my hand
by holding my hand

If everybody knew you the way I do
people wouldn't wear frowns the way they do
'Cos everything is sunshine
Everything is sunshine
Everything is sunshine
