## Harlequin

Harlequin has lost his crown Look they say a broken clown Yesterday he ruled the world Now he's crying to be heard Yesterday he called the tune Now he's howling at the moon Harlequin has broken down Harlequin, Harlequin has lost his crown

Harlequin has broken loose Slipped the knot and skipped the noose Can those bloodhounds find his trail Will they send him back to jail Can those bloodhounds find his scent Will they find out where he went Harlequin cannot be found Harlequin, Harlequin has gone to ground

Harlequin is back on top Now his fame will never stop See him shown from coast to coast He's the one they love the most See them slap him on the back How they love his every crack Harlequin we knew you'd do it Harlequin, Harlequin

Harlequin, Harlequin Harlequin, Harlequin Harlequin, Harlequin Harlequin, Harlequin
