

## Mr. Moonlight

The Hollies

You came to me one summer night  
And from your beam you made my dream  
Woh let me tell you now  
And from the world you sent my girl  
And from above you sent love

Now she is mine  
I think you'll find  
Because she loves you  
Mr Moonlight

Mr. Moonlight  
Come and again please  
Here I am on my knees  
Begging you to please

The night you don't come my way  
I pray each day  
Because she loves you  
Mr Moonlight

The night you don't come my way,  
I pray each day  
Because she loves you  
Mr Moonlight

Mr. Moonlight  
Come and again please  
Here I am on my knees  
Begging you to please

The night you don't come my way,  
I pray each day  
Because she loves you  
Mr. Moonlight
