## **On a Carousel**

**The Hollies** 

Riding along on a carousel Trying to catch up to you Riding along on a carousel Will I catch up to you

Horses chasing 'cause they're racing So near yet so far On a carousel, on a carousel

Nearer, nearer by changing horses Still so far away People fighting for their places Just get in the way

Soon you'll leave and then I'll lose you Still we're going round On a carousel, on a carousel

Round and round with you Up, down, up, down, up, down too

As she leaves she drops the presents That she won before Pulling ducks out of the water Got the highest score

Now's my chance and I must take it A case of do-or-die On a carousel, on a carousel

Round and round and round and round And round and round and round with you Up, down, up, down, up, down too

Riding along on a carousel Trying to catch up to you Riding along on a carousel Will I catch up to you

Now we take our ride together No more chasing her On a carousel, on a carousel

On a carousel, on a carousel
