

Success

Holy Mother

Spent most of my life running from reality
Can't guarantee success
even if you speak the truth
An affirmation whispered in deep thought
Sensory to touch, smell, licked all wet

Success, is the future
Obsessed, don't hold too tight
Running on a road that leads to yesterday

Never argued about politics, no stocks,
no money, no chicks with dicks!
I spent my whole life running
Success is the future - the future
Can't point your finger at quick decisions,
affirmation whispered in deep deep thoughts
Sensory to the touch, sensory to smell,
all licked, all wet
all licked, all wet

Success is the future
Obsessed, don't hold too tight

Psychedelic light & LSD
whatever made the chemical hippie
Woodstock
the piece that brought the 60's together
all together

Success, is the future
Obsessed, don't hold too tight

Success, is the future
Success, don't hold too tight,
don't hold too tight,
don't hold too tight, too tight
too tight, too tight
too tight - too tight - too tight - let go
