

# Incomplete

Hoobastank

Haven't known you long enough  
But now I'm seeing why  
You're always on my mind  
No one else has ever made me open up my eyes  
You're the one that made me realize, realize

I've been incomplete  
Missing a part of me  
Blinded by the fear of something new  
But now I see  
All along what's missing has been you

Try to find a missing piece  
To fill a hole in me  
A lonely mystery  
Thought I had it figured out  
But then you came along  
And with just a look  
I knew that I was wrong, I was wrong

I've been incomplete  
Missing a part of me  
Blinded by the fear of something new  
But now I see  
All along what's missing has been you

I'm feeling things I never knew existed  
And now I know I'll never be the same  
This changes everything

Haven't known you long enough  
But now I'm seeing why  
You're the one that's always on my mind  
You're the one that made me realize  
Realize

I've been incomplete  
Missing a part of me  
Blinded by the fear of something new  
But now I see  
You were all that's missing  
And you're here with me  
I'm no longer incomplete  
I can see the clear and simple truth  
For me to be  
Complete I only have to be with you  
For me to be  
Complete I only have to be with you
