

My Turn

Hoobastank

I have been patiently waiting in line
Watching everyone passing me by
And I can't seem to figure out
When's it going to be my turn?

I'm sick and tired of paying my dues
Played the game 'til the end and I lose
So can somebody tell me
When's it going to be my turn?
When's it going to be my turn?

Yesterday, I've learned from tomorrow is uncertain
So why can't I just make my turn today?

I've always followed and played by the rules
But the prize goes to those who aren't due
Still nobody can answer me
When's it going to be my turn?
When's it going to be my turn?

Yesterday, I've learned from tomorrow is uncertain
So why can't I just make my turn today?
'Cause yesterday, I've burned from tomorrow is uncertain
So why can't I just make my turn today?

When's it going to be my turn?
When's it going to be my turn?
When's it going to be my turn?

When's it going to be my turn?
When's it going to be my turn?
When's it going to be my turn?

Whoa, when's it going to be my turn?
Whoa, when's it going to be my turn?

Yesterday, I've learned from tomorrow is uncertain
So why can't I just make my turn today?
'Cause yesterday, I've burned from tomorrow is uncertain
So why can't I just make my turn today?

When's it going to be my turn?
When's it going to be my turn?
