

# Concubine

## The Hooters

Concubine, don't you wanna be my  
Concubine  
Don't you wanna be my concubine?

Viva Las Vegas going out on the road  
Make a lot of money I've got plenty to blow  
Colonel's gonna let me have a house of my own, oh  
I'm just a lonely guy

Hound dog barking at the heartache hotel  
Menage a trois with a mademoiselle  
Yeah, I've got some stories to tell

Concubine, don't you wanna be my  
Concubine  
Don't you wanna be my concubine?

I fill up your hearts with jagged ecstasy  
She'll get no satisfaction just by looking at me  
So give this devil some of your sympathy

Concubine, don't you wanna be my  
(I'm just a lonely guy)  
Concubine  
Don't you wanna be my concubine?

Some of you girls don't like the games that I play  
Call me a dog, but I will have it my way  
You can laugh in my face, but get out of my way

Concubine, don't you wanna be my  
Concubine  
Don't you wanna be my concubine?

Concubine, don't you wanna be my  
(I'm just a lonely guy)  
Concubine  
Don't you wanna be my concubine?  
Oh, I'm just a lonely guy  
Don't you wanna be my concubine  
Don't you wanna be mine  
I'm just a lonely guy  
Concubine, don't you wanna be mine?
