```
Leave don't feel ashamed
Run forever 'cause I just can't escape from this.
Gone,
Don't be afraid
Run forever don't mind about me
Leave me here
Don't feel ashamed
Run forever 'cause I just can't escape from this...(together)
I'm out of words you say
It's gone to the stars together
We'll find a better place to FLY AWAY
Just leave me here
Run forever,
This is my last six years home
It's gone to the stars together this is my last six years HOME!
I'm out of words you say
It's gone to the stars together this is my last
```

Six years!
