

Past Lives

Hot Snakes

By law, for you own safety
This is a message from the FDA
Naked and not ashamed
Yeah I'm not ashamed
Straight outta the mouth of a rat
I got my mouth right in the lap
Of a girl I'm seeing in my dreams
Should see it in my dreams

Do you remember learning to crawl?
Do you remember learning to squeal?
I never knew how I'd feel then
This is how I feel

I can't remember

Recall All-American All Stars
Now all America's All Scars
I know from my past lives...
