

Suicide Invoice

Hot Snakes

You and I made a pact
Only you could keep
And now I answer to you
In my sleep

A suicide invoice
In pen and ink
Brings you to my bedside
In yellow, white, and pink

And when I dream
I keep my promises to you
I really do

Suicide invoice
Suicide dream

And when I dream
I keep my promises to you
I really do

A suicide invoice
Yellow, white, and pink
Brings you to my bedside
In pen and ink

And when I wake
I know all our dreams will come true
I really do
