

It Ain't Love

House of Lords

I've been dreamimng
I'm a millions miles away
Always thinking
Will you wait another day

I touch your picture
But it's you I need to hold
If you leave me now
You'll take away my soul

(It ain't love)
If you don't believe it
(It ain't love)
Deep in your heart
(It ain't love)
If you can live without it
If one of us starts to fall
It ain't love at all

The days goes slowly
And the night's growing cold
The world surrounds me
Still it's you I need to hold

When I walk through the door
I wipe your tears away
One love, one life
What I mean to say

(It ain't love)
If you don't believe it
(It ain't love)
Deep in your heart
(It ain't love)
If you can live without it

Looking
(It ain't love)
If you don't believe it
(It ain't love)
If one of us starts to fall
It ain't love
It ain't love
It ain't love

Yeah, yeah

(It ain't love)
If you don't believe it
(It ain't love)
Deep in your heart
(It ain't love)
If you can live without it

(It ain't love, oh)
Oh, it ain't love
(It ain't love)

If you can live without it
Deep in your heart, yeah

(It ain't love)
(It ain't love)
(It ain't love)
(It ain't love)

It ain't love at all
