

Kiss of Fire

House of Lords

Standin' alone, livin' a lie
So I'm chasin' the dragon down
Treason and lies, unreason with time
At the point of no return
I wanna live, I wanna die
I got a taste of love
Smoke is risen, blinded vision
Live in oblivion
When the wind comes down
Tasting pleasure found

In a kiss of fire
In a kiss of fire
In a kiss of fire
Yeah, yeah

Takin' a dance, takin' a chance
Hangin' on the edge of the line
Drivin' the life of a broken wheel
And I'm facin' the dogs of hell
I got a dime for the ride
With the savage priest
Forget the reason, it's the season
The nature of the beast
Tie me to the stake
I'll be born again

In a kiss of fire
In a kiss of fire
Oh, gonna take you down
In a kiss of fire
Yeah, gotta let it go
I gotta, gotta, gotta let it go

Standin' alone, livin' a lie
So I'm chasin' the dragon down
Treason and lies, unreason with time
At the point of no return
I wanna live, I wanna die
I got a taste of love
Smoke is risen, blinded vision
Live in oblivion
When the wind comes down
Tasting pleasure found

In a kiss, in a kiss of fire
In a kiss of fire
Yeah, gonna take you in
In a kiss of fire
Oh, gonna take you down
In a kiss of fire
