

Pleasure Palace

House of Lords

You don't need no money
You can get it for free
You can get what you want, baby
Yeah, you can get what you need
You want satisfaction
Raise some hell tonight

Oh, take the red ruby highway
To the emerald sea
Down the blue diamond castle
I'll be there with the key

Pleasure (pleasure)
In the palace of rock
A good time for all
And nothing can stop all
The pleasure (pleasure)
In the palace tonight
So be my guest
Won't you step inside

We got all you wanted
We got your woman and wine
We got silhouette lovers, baby
To keep you all satisfied
We got a mile of desire
You like to walk on thin ice

Well then pack up your bags
For the ride of your life
You don't need no ticket
Just a place in the line

Pleasure (pleasure)
In the palace of rock
A good time for all
And nothing can stop all
The pleasure (pleasure)
In the palace tonight
So be my guest
Won't you step inside

The pleasure (pleasure)
In the palace of rock
A good time for all
Your rock give you all

I see your eyes
They call my name
You touch my skin
I feel no pain
I feel your soul
Deep in my dreams
Nothing is real
Nothing is sane

Yeah, then pack up your dreams

For the ride of your life
You don't need no ticket
It's all in your mind

Pleasure (pleasure)
In the palace of rock
A good time for all
And nothing can stop all
The pleasure (pleasure)
In the palace tonight
So be my guest
Won't you step inside

The pleasure (pleasure)
In the palace of rock
A good time for all
Your rock give you all
Pleasure (pleasure)
In the palace of rock
A good time for all
And nothing can stop
Nothing can stop all
