

Set It Right

How to Dress Well

No I will save my pride
No I won't strain my will
From the day I pass by
Light will shine down still (x2)

You know that you wanted everything to last forever didn't you?
You wanted the world to come and make it better
Only you could say, "You wanted to last a while"
And even when life was cold you never would ask for life to stop
And now these songs go stand down in your place
And I swear I still see your soul in your babies face
And I swear to God there's no coincidence
That as I sing this song today it's been one year since that I miss you

Ryan I miss you
And Dan I miss you
And Sam I miss ya

Jamie I miss ya (Ohh)
Mama I miss ya (yeah)
And Dad I miss you too

Andrew I miss ya
and Dawn I miss ya
Grandma I miss ya

Francie I miss ya
Danny I miss ya
And Faith I miss ya
Robbie I miss ya
Will I miss ya

Jamie I miss ya
Nikki I miss you

No I will save my pride
No I won't strain my will
From the day I pass by
Light will shine down still

No I won't waste my life
No no I'm not worried to take myself
As far as life for us it's just right
As far as love goes there's just one still

That's not to say that I'm giving up on you
And I never meant to doubt that my love isn't true
And I pray that you will always love me too
Because being true to you yeah I'm true to me too

Yeah I'm true to me too
