

## Breakneck Road

### Hunters & Collectors

Now what everybody wants  
In our part of the world  
Is to stay outside forever  
Or go down breakneck road

Now what everybody wants  
In our part of the world  
Is to stay outside forever  
Or go down breakneck road

Brains and guts will come together  
Outside the umbrella  
How far can you go  
Down breakneck road

How far can you go  
Down breakneck road

I see savage needle mountains  
I see green pillow fields  
I see the rain is dead ahead  
Over the free pacific ocean

I see the truth come clean  
I see the world go on forever  
Have blood will boil  
It's now or never

Go down breakneck road  
Down breakneck road  
How far can you go  
Down breakneck road

As long as I'm alive  
I can not forget  
As long as I remember  
I haven't got there yet  
When nature of the last living road  
Down breakneck road

Go down breakneck road  
Down breakneck road  
How far can you go  
Down breakneck road
