

Bye Bye Birdie

Hurricanes

I dont want nobody
Slipping round
Dont let me see you
Sneaking down
Lawdy mama
Got to say
Bye,bye,birdie
Fly away
I used to love you
Love you day and night
But since you left me
Things is coming right
I dont go no places
Late at night
Sleep eight hours
Feel alright
Lawdy mama
Heres the truth
Bye,bye,birdie
Off my roof
I used to love you
Love you day and night
But since you left me
Things is coming right
