

Darkest Hour

Hurts

Hold on
I'll be home soon
'Cause I know
There's nothing more that you can do

When suddenly it all fades to black
Suddenly it all goes away
Suddenly you're on your own and struggling to breathe again
I know it isn't easy for you
Knowing there's a war in your head
Knowing that your body isn't strong enough to reach for help

But in your darkest hour
I will light the way
I will help you cope
Through the hardest days

When it all breaks down
I will keep you safe
In your darkest hour
I will light the way

So hold on
With all that you have left
We can take it step by step
Just do your best, acquiesce

'Cause everybody looks just like you
But they can never know how it feels
They can never know of all the suffering that you conceal
How did it end up this way?
How much more can you take?
Will you ever find the strength to get back on your feet again?

But in your darkest hour
I will light the way
I will help you cope
Through the hardest days
When it all breaks down
I will keep you safe
In your darkest hour
I will light the way

In your darkest hour
I will light the way
I will help you cope
Through the hardest days
When it all breaks down
I'll keep you safe
In your darkest hour
I will light the way

So hold on
In your darkest hour, in your darkest hour
Just hold hold on
Hold on

In your darkest hour
I will light the way
I will help you cope
Through the hardest days
When it all breaks down
I'll keep you safe
In your darkest hour
I will light the way
