

## This Boy

I'm from Barcelona

Feeling like a tape recorder  
Stuck between rewind and forward  
Always going two directions  
One's ahead and the second is backwards  
Please press my rec & play  
'Cause I want to save this moment  
This will be my favorite song  
This will be my favorite album  
This will be my favorite album  
I will throw my tapes away 'cause  
This will be the one worth saving  
Push the faders, break the meters  
Rolling, rolling, time to get going  
Please press my rec & play  
'Cause I want to save this moment  
This will be my favorite song  
This will be my favorite album  
Please press my rec & play  
'Cause I want to save this moment  
This will be my favorite song  
This will be my favorite album  
Well, this will be my favorite album  
Well, this will be my favorite album  
My rec & play  
My favorite song  
My rec & play  
My favorite song
