

Alan R. Pearlman and the A.R.Piological Exploration of the Cosmos

I Monster

Alan Pearlman made the machines that let us hear the sound of the cosmos

A million dreams of infinite complexity

2500

2600

A space odyssey

Alan Pearlman

And his engineers

Sent cosmic sounds

Through the atmosphere

Oscillators they

Stayed in tune

To give [?] as high as balloons

[incomprehensible verse]
