

Big End

I Monster

They call you the goat of mendes
Splendid beard and horns
Clothes hand-stitched by virgins
Sacrificed at dawn

Lucifer you're a devil
Satan was your name
Beelzebub where are you
I summon you again

I call you on the hot line
Hades 666
You promised me a picnic
By the river Styx

Lucifer you're a devil
Satan was your name
Beelzebub where are you
I summon you again

We should have lunch in london
Supper in Paris
This art in throwing parties
Just pour vous and me

Lucifer you're a devil
Satan was your name
Beelzebub where are you
I summon you again

Lucifer you're a devil
Satan was your name
Beelzebub where are you
I summon you again
