

## Cells

I Monster

Look at the cells  
Watch them grow  
Dividing so fast  
How much do they know?

It's just a little piece of me and you  
It's easy  
Just a little piece of me in you  
It's easy

DNA do not alter  
Building your son or daughter

It's just a little piece of me and you  
It's easy  
Just a little piece of me in you  
It's easy

Look at the cells  
Taking form  
Amphibian child  
You have born

It's just a little piece of me and you  
It's easy  
Just a little piece of me in you  
It's easy

Hands, heart, brain, eyes that will see  
Infinite complexity

It's just a little piece of me and you  
It's easy  
Just a little piece of me in you  
It's easy
