

## Escape from New Yorkshire

I Monster

5 4 3 2 1

And now we've begun  
Trains and subways and sentry guards  
Pinstripe handshakes and caviar  
They wait for the signal  
The vapid and simple  
And soon they will be gone  
And then there will be none  
They wait for the signal  
The vapid and simple  
5 4 3 2 1  
And now we've begun

All the prettiest stuck in the groove  
Now the prettiest march in the grove  
I need to do something  
My heart's filled with nothing  
Soon they will be gone  
And then there will be none  
5 4 3 2 1  
And now we'll be gone

5 4 3 2 1  
And now we'll be gone
