

I Spider

I Monster

Pretty pretty girl
Sitting on her bed
Playing with her hair
Pulling on a thread
I spider from afar
I spider from above
Sticky fingers
Sticky to my web of love ☐

Once upon a time
There was a pretty girl
Such a pretty face
This pretty girl
Once upon a time
There was a pretty pretty girl

Pretty pretty doll
Walking through the woods
Honey in her lips
Sugar in her butt
I spider on the grass
I spider in a tree
Catching butterflies
But she can't catch me

Once upon a time
There was a pretty girl
Such a pretty face
This pretty girl
Once upon a time
There was a pretty pretty girl

Your hair
Your lips
Your neck
My kiss

Once upon a time
There was a pretty girl
Such a pretty face
This pretty girl
Once upon a time
There was a pretty girl

Once upon a time
There was a pretty girl
Such a pretty face
This pretty girl
Once upon a time
There was a pretty pretty girl.
