

She's Giving Me The I

I Monster

There's a girl at the bottom of our road, she is gorgeous
She's got two brothers that are sick in the head, they are monsters

I'd like to take you to the park one day
When it's quiet
I'd like to take you to the park and stay
Till you're silent

I really like her but her brother said I have to keep my distance
He pulled a knife on me and said he'd turn me into mince meat

I'd like to take you to the park one day
When it's quiet
I'd like to take you the park and stay
Till you're silent

She's giving me the I-I-I
