

# The Backseat of My Car

I Monster

I don't care to be scared  
When I drive my haunted car  
Ghost red hot tonight  
My gaze in the rear view mirror

[Refrain]  
the backseat of my car  
Yes I see the backseat of my car  
Oh I see the backseat of my car (2x)

Shopping bags falling down  
Apples roll, magazine crumpled  
In the heat of night  
Milk leaks, sucked up by the velvet

[Refrain]

You want a lift ?  
Hop in the back  
How far do you want to go ?  
All the way ?  
Ok

[Refrain] (2x)
