

# Crystal Ball

I See Stars

You can't run, you can't hide  
I can hear every single thought  
That you tried to hide

I look in the mirror and a stranger stares on back at me  
If these walls could talk  
They wouldn't speak the best of me, the best of me

Turn it around on me just to make it seem I've done wrong  
You can't just jump into my life as you please  
You're the queen of my insanity

I'll wait for you  
No goodbyes, I'll see you soon  
I will wait for you  
You've made me better and I swear that's something I won't forget

I look in the mirror and a stranger stares on back at me  
If these walls could talk  
They wouldn't speak the best of me, the best of me

I'll wait for you  
I'll wait for you

You can't run, you can't hide  
I can hear every single thought, every single thought  
That you tried to hide  
Look into my crystal ball  
Lust has a special place for you in her soul

Do you know the things you did to me?  
You made me fall in love and leave me to die  
You were the one who broke our living fantasy
