

# Kiss and Swallow

IAMX

Do you pay for your crimes?  
Does the punishment fit or drag your style to zero?  
You're nothing 'til the weekend  
If you think that you're the thrill  
Take a look at your life, you kneel before your heroes  
You're nothing 'til the weekend

Could you care for the blind?  
Tell me all in all, they're just your kind of zeros  
Something for the weekend  
If you think that you can spell  
Make a list of the cunts you'd send to hell and send them  
Send them on the weekend

Echo echo, I know it's a sin to kiss and swallow  
Echo echo, a kick in the head to kill the hollow  
Echo echo, I know it's a sin to kiss and swallow  
Echo echo, a kick in the head to kill the hollow

Do you care for the blind?  
Tell me all in all, they're just your kind of zeros  
Something for the weekend  
If you think that you can spell  
Make a list of the cunts you'd send to hell and send them  
Send them on the weekend

Echo echo, I know it's a sin to kiss and swallow  
Echo echo, a kick in the head to kill the hollow  
Echo echo, I know it's a sin to kiss and swallow  
Echo echo, a kick in the head to kill the hollow

Are you listening?  
No - in the narrowest sense  
Are you listening?  
I can hold you down by candlelight  
With indifference  
Let the comfort start  
I love you on your right side  
It happens  
Promises broken  
Reasons let go  
It happens  
Are you listening?

I know it's a sin but tell me it happens!  
I know it's a sin but tell me it happens!

Echo, echo, echo, echo  
Echo, echo, echo

Echo echo, I know it's a sin to kiss and swallow  
Echo echo, I know it's a sin to kiss and swallow
