

Speed King

Ian Gillan

Good golly, said, little Miss Molly
She was rockin' in the house of blue light
Tutti frutti was, oh, so rooty
Rockin' to the east and west

Lucille was, oh, so real
She didn't do her daddy's will
Come on, baby, drive me crazy

I'm a speed king
You got to hear me sing
Speed king, see me fly

Saturday night and I just got paid
Fool about ain't gonna save
People gonna rock, people gonna roll
Have a party to save my soul

Hard headed woman, soft hearted man
They cause trouble since it all began
Take a little rice, take a little beans
Gonna rock and roll down to New Orleans

I'm a speed king
You got to hear me sing
Speed king, see me fly

Good golly, said, little Miss Molly
She was rockin' in the house of blue light
Tutti frutti was, oh, so rooty
Rockin' to the east and west

Lucille was, oh, so real
She didn't do her daddy's will
Come on, baby, drive me crazy

I'm a speed king
You got to hear me sing
Speed king, see me fly, oh

I'm a speed king
You got to hear me sing
Speed king, see me

Speed king
You got to hear me sing
Speed king, see me, oh, alright
