

# It's All Love

Ice-T

It's all love when you're doing it big  
Cop your homies new whips when they're back from their biz ("It's all love!"  
)  
It's all love when you way cashed out  
Every bitch wants to be your new shit, no doubt ("It's all love!")  
It's all love at the booth in the club  
Everybody is drinking champagne, giving out hugs ("It's all love!")  
It's all love, until you can't give no more  
The same niggaz that you fed, wanna see you dead ("It's all love!")

You got money, got power, got friends  
Really got to love it cause the party don't end  
Got the streets locked, game tight, keeping it fly  
Got that cocaine cash flow, stacking it high  
Got every kind of whip the green money can buy  
Got the crib by the lakes, steady flipping the cakes  
Got the crew that'll roll, ain't scared of the jakes  
Twenty five Fed indictments, them niggaz turn snakes  
Threw you in the blouse of the devil with no shovel  
Five million Dollar bail, your house is for sale  
Can't even get a word out, from none of your whores  
They straight blocking your call, after you bought them all clothes  
Choose cards on the streets, they set the jury a done deal  
The judge gave you life and got a set for appeal  
They left you in the coldest place that a nigga can feel  
Asking yourself how you got there, you was keeping it real

It's all love when you're doing it big  
Cop your homies new whips when they're back from their biz ("It's all love!"  
)  
It's all love when you way cashed out  
Every bitch wants to be your new shit, no doubt ("It's all love!")  
It's all love at the booth in the club  
Everybody is drinking champagne, giving out hugs ("It's all love!")  
It's all love, until you can't give no more  
The same niggaz that you fed, wanna see you dead ("It's all love!")

You got a big hit records, your posse is deep  
More niggaz than you know, but they're at your show  
On stage with you, backing you up, holding you down  
Everybody is happy, giving mad pounds  
Back stage, after the show, it's going down  
Off to the after party, other side of the town  
It's the life start balling, baby everyday  
Next jam that you drop, don't get no play  
Just as quick as it can, the whole thing just went  
The whole crew disappeared, no one at your events  
All the juices you had, died with your rhymes  
Every girl in your jock, impossible to sign  
So you swallowed your pride, you go out one night  
To see the hype new niggaz, that they rock the mics  
When you look on the stage, you noticed their whole crew  
Are the same motherfuckers that was there with you  
It's all love when you're doing it big  
Cop your homies new whips when they're back from their biz ("It's all love!"  
)

It's all love when you way cashed out  
Every bitch wants to be your new shit, no doubt ("It's all love!")  
It's all love at the booth in the club  
Everybody is drinking champagne, giving out hugs ("It's all love!")  
It's all love, until you can't give no more  
The same niggaz that you fed, wanna see you dead ("It's all love!")

It's all love when you're buying new drinks  
It's all love when your crew is on blink  
It's all love when you're popping the crist, got ice in your wrist  
It's all love when your name is in the list  
It's all love when your fame's doing well  
It's all love when you're hotter than hell  
It's all love when you're sitting on chrome, when you're coping new home  
It's all love when you're sitting on top  
It's all love when until you happen to drop  
There is no love when you're doing your bid  
There is no love when you're loosing your crib  
There is no love when you ain't got no ride, when you're dying inside  
There is no love when you're trying to hide  
There is no love on run from the cops  
There is no love bopping ready to drop  
And no love when your girl goes left  
There is no love when the feds get tough  
There is no love when the only person with you, is your goddamn self

It's all love when you're doing it big  
Cop your homies new whips when they're back from their biz ("It's all love!"  
)  
It's all love when you way cashed out  
Every bitch wants to be your new shit, no doubt ("It's all love!")  
It's all love at the booth in the club  
Everybody is drinking champagne, giving out hugs ("It's all love!")  
It's all love, until you can't give no more  
The same niggaz that you fed, wanna see you dead ("It's all love!")

I know niggaz can feel this  
If you ever had something, and lost it  
For some friends and some funny motherfuckers man  
It's real, check around for your friends when you're broke

Yeah.. yeah.. Ummm..  
It's all love..  
He can't..  
He can't do it like we do but..  
It's all love..
