

Too Loud

Icon for Hire

Hey girl, don't listen to your mother when she tells you you ain't pretty
Need to look more like the others
Hey boy, don't let your daddy tell you if you don't get it together
That you're gonna be a failure

Let's stop letting everyone tell us how to feel
Tell us how to dream
Let's stop letting everyone tell us how to live
Tell us who to be

Oh no no am I getting too loud?
Am I getting too loud?
Am I getting too loud?
Oh no no am I getting in your head?
Am I getting in your head?
Getting in your head?

Oh no no am I getting too loud?
Am I getting too loud?
Am I getting too loud?
Oh no no am I getting in your head?
Am I getting in your head?
Getting in your head?

Let's stop letting everyone tell us how to feel
Tell us how to dream
Let's stop letting everyone tell us how to live
Tell us who to be

You know they're coming for your fire
When they try to push you lower but you keep on going higher
You're a flame, and they all wanna water you down

Wanna water you down down

Oh no no am I getting too loud?
Am I getting too loud?
Am I getting too loud?
Oh no no am I getting in your head?
Am I getting in your head?
Getting in your head?

Oh no no am I getting too loud?
Am I getting too loud?
Am I getting too loud?
Oh no no am I getting in your head?
Am I getting in your head?
Getting in your head?

Gonna make you listen
Gonna make you move
You can't ignore the truth inside you
Gonna make you listen
Gonna make you move
You can't ignore the truth inside you

Oh no no am I getting too loud?

Am I getting too loud?
Am I getting too loud?
Oh no no am I getting in your head?
Am I getting in your head?
Getting in your head?

Oh no no am I getting too loud?
Am I getting too loud?
Am I getting too loud?
Oh no no am I getting in your head?
Am I getting in your head?
Getting in your head?
