

Waste My Hate

Icon for Hire

Drag me through the dark
Oh, bless your little black heart

So I pick up the shovel and dig up the dirt
Do I look like I need a new way to hurt?
You sell me out, spend me like money
Ha, are you obsessed with me, honey?

Let me make sure that I got this straight:
I sink to your level so you feel ok
Keep on pushing and pushing, hoping that I push back
Ha, well I don't do it like that

Drag me through the dark
Oh, bless your little black heart
Pull my world apart
Oh, bless your little black heart

Don't want your energy
Keep your bad vibes
Don't shove down my throat what you've buried inside
We've got a name for people like you
We've got a name for people like you

So let me make sure that you get this straight:
You won't get an ounce of attention from me
Keep on pushing and pushing, hoping that I push back
Ha, well I don't do it like that

Drag me through the dark
Oh, bless your little black heart
Pull my world apart
Oh, bless your little black heart

Oh, bless your little

I'm not gonna waste my hate on you
Trying to get me riled up, shame on you
I'm not gonna waste my hate on you
I only got one thing to say to you

Drag me through the dark
Oh, bless your little black heart
Pull my world apart
Oh, bless your little black heart
Black heart

Oh, bless your little black heart

Drag me through the dark
Oh, bless your little black heart
Pull my world apart
Oh, bless your little black heart
