

I'm Happy to Be Here Tonight

Idlewild

The world is in my chaos dream but i am not invited, i said
The world is in my chaos dream but i am
Coz you don't know what people say
The world is in my chaos dream but i am
Coz you don't know what people say
Coz you don't know what people want to say

Abstract's a little boy, coz you and me talk freely at night
This is my chaos
Coz you got the right to stay in at night
Coz i supply and you were the last one to know
Coz you got the right to stay in at night
Coz i supply and you were the last one to know
Coz i don't know
The world is in my chaos dream but i am not invited, i said

The world is in my chaos dream but i am
Coz you don't know what people say
The world is in my chaos dream but i am
Coz you don't know what people say

Coz you don't know what people want to say

Abstract's a little boy, coz you and me talk freely at night
Coz this is my chaos
