And to these haters please stay up off my dick
I got cartiers on my eye lids. And these princesses on my wrist
How the fuck could you say it ain't fly bitch!?
I'm so fresh to death I just died bitch!
Now clap clap for me. Go ahead girl bring it back back for me
Pull my cash out my let her lap dance for it
Fuck around and bust a band no black jack on it
Call me iggy Iigs I'm on trippy shit
I like whitneys hips. I like britneys tits
I want em both to strip I'm on pippin shit
And since I can't pick... We'll do a switchy switch, word

Let's go!
I was counting cash with the money machine
She giving me head then coming outta her jeans
Smoke a pound today roll up a Juicy J double cup full of Promethazine..
Seen the Porsch I like bought the bitch twice
I can do that shit for the rest of my life
Seen the bitch I like hit the bitch twice
Stay flexing hard mother fuck a price

Poppin molly dig it back to business
Ride the lamb doing twice the limit
Got your bitch screaming from start to finish
Bank bands all on my cash, stripper bitches gone shake they ass
Twenty years in the rap game, man I don't have to make it last
That bullshit that you smoking never been in my cigar
What I'm smoking on you gotta keep in a jar
Own it to the shit and nigga pop and have a bar
With two white kids menage-a-trois
Rolling up, back to back

One night with yo bitch then you can have her back
Me saving these hoes imagine that
