

Spend It

Iggy Azalea

Spend it, spend it, spend it
Spend it, spend it, spend it
Ayy, if I want it, I'ma get it
Get it, get it, get it
Get it, get it, get it
This money mine, so I'ma spend it
Run it back, run it back, run it back
Run it back, run it back, run it back
Ayy, if I want it, I'ma get it
Run it back, run it back, run it back
Run it back, run it back, run it back
This money mine, so I'ma spend it

I just bought a Bentley and, no, it ain't rented
People tryna see who in it, but the windows tinted
Yep, I'm gon' need that domain empty, that shit mean expensive
And when I hit the scene, I kill it, but ain't no forensics
I bought a wedding ring
That's 'cause I'm married to the game (Uh)
I can't complain (Uh)
I'm gettin' money, fuck the fame (Uh)
I'm in my bag
Don't want your man, he super lame (Uh)
I don't catch feelings
I'm catching flights, can't miss my plane (Uh)
You know I'm the flyest, I fly private, not United (Nah)
If I want it, I'ma buy it
I got drivers, what's a license? (Skrtrt, skrtrt)
Far from broke and I'm so dope
I hope that I don't get indicted (Ugh)
The reason I look the nicest is 'cause I don't look at prices
All I do is

Spend it, spend it, spend it
Spend it, spend it, spend it
Ayy, if I want it, I'ma get it
Get it, get it, get it
Get it, get it, get it
This money mine, so I'ma spend it
Run it back, run it back, run it back
Run it back, run it back, run it back
Ayy, if I want it, I'ma get it
Run it back, run it back, run it back
Run it back, run it back, run it back
This money mine, so I'ma spend it

And I know
You ain't gotta tell me, baby, I know (What?)
You mad 'cause you broke and I'm not, hoe (Yeah)
I buy shit in bulk like it's Costco (Yeah, yeah)
And it don't make no sense (Yeah)
I'm in the game and sit you on the bench (Bench)
Bitch your breath stink from talkin' shit, you want a mint? (Ew)
Same time you spend hatin' you could be gettin' rich (Ew)
When I was 22, I was runnin' it back like Emmitt Smith (Ugh)
Yeah I been broke before, but I ain't been back since (Nah)
I used to be on my ass, but that's past tense (Yeah)

Now I'm so far up, I got jetlag, bitch (Boom)
If you ain't getting cash sis, huh, you are not a bad bitch

Spend it, spend it, spend it
Spend it, spend it, spend it
Ayy, if I want it, I'ma get it
Get it, get it, get it
Get it, get it, get it
This money mine, so I'ma spend it
Run it back, run it back, run it back
Run it back, run it back, run it back
Ayy, if I want it, I'ma get it
Run it back, run it back, run it back
Run it back, run it back, run it back
This money mine, so I'ma spend it

Spend it, spend it, spend it
Spend it, spend it, spend it (What?)
Get it, get it, get it (Yeah)
Get it, get it, get it (Yeah, yeah)
Run it back (Yeah), run it back, run it back
Run it back, run it back, run it back
Run it back, run it back, run it back
Run it back, run it back, run it back
