

The Girls

Iggy Azalea

It's the girls against the world these days
It's the world against the girls these days
Even girls against the girls these days
But all the girls, all the girls, all the girls
Gonna be okay

I can be a bitch and a beast
I can be a witch, nothin' sweet
I can be your blue jean dream
Or I can be your rude guillotine
If you ain't comin' correct, know that shit gettin' addressed
I might just come to collect in my heels and a dress
Caution, I be flossin', bossin', Rick Ross-in'
You look exhausted, I'm awesome
I'm sorry not sorry, you lookin' real salty
My shape like a Barbie, I kill shit, no warning
Wait, I don't need a reminder but mirror on the wall
Won't you tell me who the finest? It's Iggy!
I'm the one who they envy
They watch me so much, I should prolly win an Emmy, Iggy

It's the girls against the world these days
It's the world against the girls these days
Even girls against the girls these days
But all the girls, all the girls, all the girls
Gonna be okay
It's the girls against the world these days
It's the world against the girls these days
Even girls against the girls these days
But all the girls, all the girls, all the girls
Gonna be okay

Put the love in the front and the hate in the back, yeah
Put the love in the front and the hate in the back, yeah
Put the love in the front and the hate in the back, yeah
Put the love in the front and the hate in the back, yeah

If I speak my mind I lose money
If I cross your line you take from me
So I say I'm fine when it's ugly
Throw out all my dirt, you get muddy
Why the real girl gotta be the bad guy?
'Cause the truth hits hard, that's a black eye
You must not want to hear my opinion
Twist my words when I say how I'm feeling
Hide my tears under your glass ceiling
All your fears wrapped up in my linen
I wash it, the world is sick, cold and nauseous
Oh shit, they sell the dream like it's flawless
Yeah, and I bought the lies with a Lexus
Damn, I'm just as surprised as the next bitch

It's the girls against the world these days
It's the world against the girls these days
Even girls against the girls these days
But all the girls, all the girls, all the girls
Gonna be okay

It's the girls against the world these days
It's the world against the girls these days
Even girls against the girls these days
But all the girls, all the girls, all the girls
Gonna be okay

Put the love in the front and the hate in the back, yeah
Put the love in the front and the hate in the back, yeah
Put the love in the front and the hate in the back, yeah
Put the love in the front and the hate in the back, yeah

Bad girls live your life
Don't apologize
Bad girls don't play nice
Say what's on your mind
Good girls are a lie
Like boys don't take their time
So go girl, live your life
Don't apologize

It's the girls against the world these days
It's the world against the girls these days
Even girls against the girls these days
But all the girls, all the girls, all the girls
Gonna be okay
