Howl Howl

Fuck it
I feel like howling
Got nowhere to turn
They'll kill you
For your spirit
This is what you learn

The music of tomorrow is What you feel today The owners of the future Is not the one they say A mountain of faces Is rapin' my ear

I'm glad that my pride is
Stronger than my fear
I'm howling, baby
I'm howling, baby
Howling, baby

I knew the producer He's got lots of tricks He is the star maker The bands are little pricks

The music of tomorrow is What you feel today The owners of the future Is not the one they say

A mountain of faces
Is rapin' my ear
I'm glad that my pride is
Stronger than my fear

I'm howling, baby I'm howling, baby I'm howling, baby I'm howling, baby

Howling, baby
Howling, baby
Howling, baby
I'm howling, baby
