

# Free Fall

Illenium

I couldn't tell you, I couldn't breathe  
I never knew that I was ripping at the seams  
I couldn't hold back, I didn't try  
One look and you're right between my lines

It's like you're diving in to my heart  
I'm floating off the ground  
When you pull me in to your arms

I go into a free fall  
I'm spinning and I can't stop  
I lose my breath when you say my name  
I go into a free fall  
I'm spinning and I can't stop  
I lose myself and now I'm not the same  
When we're in a free fall

We're in a free fall

Never felt like, this before  
Got the thrill and now I only want more  
Scared to look down, but gravity  
Can't compete with all the light you give in me

It's like you're diving in to my heart  
I'm floating off the ground  
When you pull me in to your arms

I go into a free fall  
I'm spinning and I can't stop  
I lose myself and I'm not the same  
I go into a free fall  
I'm spinning and I can't stop  
I lose myself and now I'm not the same  
When we're in a free fall

I go into a free fall  
I'm spinning and I can't stop  
I lose myself and now I'm not the same  
When we're in a free fall
