

## Went For a While

Ilse DeLange

I put on a coat  
I put on a smile  
I went down a road  
I went for a while

Held on to your hand  
Held on to your love  
Then you let go  
You had enough

Can a river flow backwards, a river back to  
The someone I was, someone before you  
I put on a coat, I put on a smile  
I went down a road, I went for a while

The foot of a hill

A big hill to climb  
Pain grows in seconds  
And patience in time

I trust in the seasons  
The seasons come round  
Same bird, different reasons  
Same solid ground

Can a river flow backwards, a river back to  
The someone I was, someone before you  
Pain grows in seconds and patience in time  
I went down a road, I went for a while
