

Highway

Imago

In the deep of the night
I look over my shoulder
You look so fine
A spectacular sight
To feel you hold me close
And take my breath away

You say you want me to decide
Hit or miss, i cannot lie
But is this we have that completes me
Adelaide, ababa

Refrain:
Sometimes gotta give
You say i gotta say it

[repeat Chorus]

Could you spare me a bit more time
Rest assured it will be just fine
Til i'm ready for my number
So at least don't let me pretend

[repeat Refrain and Chorus]
