

## Demon-(mon)archy

### Impending Doom

At the Castle's Side I lie  
Demons & Shadows cross my way  
My dark Empire strikes back again  
Blood signed the Altar - Blood on my Hands  
Dark Angel  
Dark Angel never sleeps  
And he was fallen to be free  
To rule with Sword & Fire  
In the Labyrinth of the Unseen  
I wonder about in my own shadowy Exist  
Look behind the human Mask  
I am a Beast  
Beyond the Eyes of Black  
Behind the Mirror of Insanity  
Unknown Angers are rising from the Dephts  
I feel the Demon inside of me  
I'm entangled in this World of Light  
I'm a Monument of War between Day & Night  
You'll be forgotten before you'll die  
Remember - I am immortal - Demons  
Demonarchy - The Demons rise in me  
Demonarchy - Possession,  
Obsession - I praise
